PART 1 - ITEM 1. DETERMINE THE NEED FOR FULL FULL HABITAT MANAGEMENT PROGRAM (HMP)

All Applicants submitting Projects involving Ground Disturbing Activities are subject to HMP requirements. The HMP must cover the combined Project Area of all proposed Projects with Ground Disturbing Activities.

Applicants able to certify that none of the proposed activities listed in the Application in areas open to legal OHV Recreation contain any risk factors to special-status species and/or sensitive habitats shall submit only HMP Part 1. Applicants who cannot certify that the proposed activities listed in the Application in areas open to legal OHV Recreation do not contain any risk factors to special-status species and/or sensitive habitats shall submit HMP Parts 1 and 2.

1. Do any of your proposed projects involve Ground Disturbing Activities? (Please select ☐ Yes ☒ No Yes or No)
2. Can the Applicant certify that none of the proposed Projects with Ground Disturbing Activities in areas open to legal OHV Recreation contain any risk factors to special-status species and/or sensitive habitats? (If you checked 'Yes', you are done with HMP) (Please select Yes or No) ☐ Yes ☐ No

PART 2 - RISK ANALYSIS, MANAGEMENT PROGRAM AND REPORTING

PART 2 - Section I. Summary of HMP Changes

Has the Applicant previously submitted a HMP Part 2 that is currently in use in the proposed Project Area? (Please select Yes or No) ☐ Yes ☐ No

Check all that apply: (Please select applicable values)

- ☐ Notice to interested Parties/Groups (Enter date in mm/dd/yyyy format)
- ☒ Published on Applicant's Website (Enter date in mm/dd/yyyy format) [02/28/09]
- ☐ Published in Newspaper
- ☐ News Release Issued
- ☒ Public Meeting(s) Hearing(s) Held

B. Public Comments

I am submitting the following comments on the OHV Grant request by the Alameda County Sherriffs Dept.

.....

Comment: In the descriptions of the problems, much of it has to do with general crime and not directly related to illegal OHV activities.

ITEM 3. Describe the frequency of the patrols

Our Sheriff's Office is requesting to purchase six new off-road patrol motorcycles through this grant to provide a regular and much more frequent patrol deterrent to rural crime in these areas that could not be reached by regular patrol units or where a regular patrol unit could get damaged or rendered immobile. We will supply the law enforcement officers to increase the frequency of the patrols, now we just need you to supply the six new off-road patrol motorcycles.

Comment: They are requesting "off-road motorcycles". There is no mention of how they plan to transport them.

ITEM 4. Deployment of Personnel

1. Identify areas with high priority law enforcement needs because of public safety, cultural resources, and sensitive environmental habitats, including wilderness areas and areas of critical environmental concerns:

There are a number of endangered animal and plant species in Alameda County that are adversely effected by illegal off-highway usage.

Comment: There is no listing of which endangered animals or plant species are present in the county or where they are located. It appears that no research has been done.

2. Describe how the proposed Project relates to OHV Recreation and will sustain OHV Recreation, motorized off-highway access to non-motorized recreation, or OHV Opportunities associated with the Project Area:

Through this proposed Project the Alameda County Sheriff's Office is able to provide for well managed OHV Recreation.

Comment: Alameda County does not provide any OHV Recreation.

9. COUNTIES ONLY - Describe how the OHV in-lieu of tax funds are being used and whether the use of these fees complements the Applicant's project:

OHV in-lieu tax funds are being used in Alameda County to fund law enforcement personnel assigned to OHV activities. These in-lieu tax funds will be complemented by our project's request for six (6) off-road motorcycles to transport law enforcement personnel.

Comment: Will you provide documentation to show that the OHV in-lieu of tax funds are actually being applied to the county OHV program? For many counties, the in-lieu money just goes into the general fund and there is no way to show that it is being applied to an OHV program.

Vehicle Operations and Maintenance, \$1250.000 per motorcycle.

Comment: \$1250.00 each for Operations and Maintenance for NEW motorcycles seems very high.

Thank you for considering my comments.

Bruce Brazil

C. Application Development as a result of Public Comments

- a. Were changes made to the Application as a result of public comments? (Please select ☒ Yes ☐ No Yes or No)

- b. Describe how public comments affected the Application

The requested dual sport motorcycles will enable the Sheriff's Office to assist the State Parks Department. Our Office trains at Carnegie SVRA on a regular basis. We are dressed in full uniform during our training and this provides additional presence and visibility of law enforcement with the park, assisting the State Parks Police with their job. Approximately 1/3 of the Carnegie SVRA is within the geographic boundaries of Alameda County. The Sheriff's Office has investigated crimes within Carnegie SVRA in the past. An example is when the State Parks Police residence was burglarized within the park and numerous items were stolen, including the officer's work gear and personal information. The State Parks Officer's personal information was used in other crimes, with the Sheriff's Office Property Crimes Unit investigating those crimes. Alameda County has a large contingency of private & public rural lands which is often times exploited for illegal OHV recreation and we want to be proactive stopping it.

APP # 700174

1. Applicant Certifications

A. General Conditions

- A. The Applicant hereby certifies, under the penalty of perjury, compliance with the following ☐ terms and conditions:
1. If the Project involves a Ground Disturbing Activity, the Applicant agrees to monitor the condition of soils and wildlife in the Project Area each year in order to determine whether the soil conservation standard adopted pursuant to Public Resource Code (PRC), Section 5090.35 and the HMP prepared pursuant to Section 5090.53(a) are being met.
 2. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the soil conservation standard adopted pursuant to PRC Section 5090.35 is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion, to repair and prevent accelerated erosion, until the same soil conservation standard adopted pursuant to PRC Section 5090.35 is met.
 3. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the HMP prepared pursuant to PRC Section 5090.53(a) is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion until the same HMP prepared pursuant to PRC Section 5090.53(a) is met.
 4. The Applicant agrees to enforce the registration of off-highway motor vehicles and the other provisions of Division 16.5 (commencing with Section 38000) of the Vehicle Code and to enforce the other applicable laws regarding the operation of off-highway motor vehicles.
 5. The Applicant agrees to cooperate with appropriate law enforcement entities to provide proper law enforcement at and around the Facility.
 6. The Applicant's Project is in accordance with local or federal plans and the strategic plan for OHV Recreation prepared by the OHMVR Division.

B. Programmatic Conditions

B. The Applicant must describe the following programmatic conditions:

1. Identify the potential for the facility to reduce illegal and unauthorized OHV Recreation activities in the surrounding areas:

The Alameda County Sheriff's Office, as a matter of policy and practice, offers its personnel and resources to outside agencies as needed. We have assisted with personnel at many of Carnegie State Parks major annual events by sending deputies to the park. The response by our agency is often times initiated by an informal invitation where we are made aware of the event for general patrol information and planning. When we have sent personnel to Carnegie Park it has been through an expanded scope of our regular patrol function and not as a matter of a formal mutual aid agreement. The Sheriff's Office may be requested and utilized to respond and assist with a Search and Rescue operation within Carnegie Park. The Alameda County Sheriff's Office has self initiated Dual-Sport motorcycle patrol inside the boundaries of Carnegie State Park with the permission of the State Parks Police. We are occasionally enforcing the off-highway vehicle codes at Carnegie State Park. The codes are included in the 38000 section
2. Describe how the Applicant is meeting the operations and maintenance needs of any existing OHV Recreation Facility under its jurisdiction:

Alameda County has a large contingency of private and public rural lands which is often times exploited for illegal OHV recreation. Illegal OHV recreation is occurring in Alameda County on private property, public land, regional parks, and public streets. The Sheriff's Office takes a proactive and aggressive approach to these types of illegal activities. This type of illegal activity is a nuisance and dangerous, causing unsightly and sometimes permanent damage to these lands. Illegal OHV use is a huge contributor to the development of anti OHV views and opinions by the public. Through enforcement the Sheriff's Office is able to deter this type of activity as well as educate riders and promote the responsible legal OHV recreation at nearby OHV parks such as Carnegie and Frank Raines Parks.

C. Fee Collection

Describe how fees collected pursuant to Section 38230 of the Vehicle Code (in-lieu funds) are utilized and whether the fees complement the Applicant's proposed Project:

D. Compliance with PRC 5090.50(b)(1)(C)

Projects within the O&M category that affect lands identified as inventoried roadless areas by the U.S. Forest Service, are compliant with PRC 5090.50(b)(1)(C). (Please select Yes or No)

☒ Yes ☐ No
